Top 100 PHP interview questions and answers are below

**Question s : 1** Who is the father of PHP ?

**Answers : 1** Rasmus Lerdorf is known as the father of PHP.

**Question s : 2** What is the difference between \$name and \$\$name?

**Answers : 2** \$name is variable where as \$\$name is reference variable like \$name=sonia and \$\$name=singh so \$sonia value is singh.

**Question s : 3** How can we submit a form without a submit button?

**Answer : 3** Java script submit() function is used for submit form without submit button on click call document.formname.submit()

**Question s : 4** In how many ways we can retrieve the data in the result set of MySQL using PHP?

**Answer : 4** We can do it by 4 Ways  
1. mysql\_fetch\_row. , 2. mysql\_fetch\_array , 3. mysql\_fetch\_object  
4. mysql\_fetch\_assoc

**Question s : 5** What is the difference between mysql\_fetch\_object and mysql\_fetch\_array?

**Answers : 5** **mysql\_fetch\_object()** is similar to **mysql\_fetch\_array()**, with one difference - an object is returned, instead of an array. Indirectly, that means that you can only access the data by the field names, and not by their offsets (numbers are illegal property names).

**Question s : 6** What are the differences between Get and post methods.

**Answers : 6** There are some difference between GET and POST method  
1. GET Method have some limit like only 2Kb data able to send for request  
But in POST method unlimited data can we send  
2. when we use GET method requested data show in url but Not in POST method so POST method is good for send sensitive request

It is also the most feared question of all. "Why did you leave (or why did you leave) your job?" "What are your weaknesses?" For example, "I have selected the key companies whose mission statements are in line with my values, where I can be excited about what it does, and this company is very high on my list of desirable options." 4. If you can relate an example of a job or project when you were excited, the interviewer will get an idea of your preferences. What do you want to print? Interviewers use this kind of psychological question to see if you can think quickly. What can you do for us that other candidates cannot? Why should we hire you? If you were an animal, what would you want to be? Set up a free profile with Monster and we can send you professional advice, workplace ideas and more job interview tips directly to your inbox. Go beyond the common questions in the interview Yes, the job search is intimidating, but the review of questions and answers of the interview in advance is a way to calm nerves and increase your confidence. My long-term goal is to depend where the company is going. Answer "Why should we hire you?" Summarizing their experiences: "With a five-year experience working in the financial industry and my proven record of saving the company money, I can make a big difference to your company. Too many job seekers stumble through interviews as if the questions asked outside left field. "How satisfied were you in your work?" knows he can trust me, and he likes my sense of humor." 9. One of the most critical tips of the job interview: is not Badmouth a former employer. Are you looking for more ways to get away from the competition? "What are your goals? It's a Fast and easy to stay a step forward. Emphasize what makes it unique when asked: "What can other candidates do for us?" This will take an evaluation of your experiences, skills and features. Features. Specifically: "I have a unique combination of strong technical skills and the ability to build relationships with customers. If you answer "a rabbit", make a soft passive print. One possible answer is: "I am sure that when the time comes, we will be able to agree on a reasonable amount. 1. "What Are Three Positive Things Your Last Head of You? "I was very satisfied with my last work, because I worked directly with clients and their problems; that's an important part of the work for me." 7. Why do you want to work here? I recently joined Toastmasters, which I find very useful." 2. What kind of personality do you need to do the work? When they ask you: "What salary do you seek?" is to your advantage if the employer tells you the rank first. But many questions from the interview are to be expected. Do you need some tips for job interviews? Many interview questions and answers try to assess whether or not a job is a good fit for a candidate. Prepare yourself by knowing the route that goes on your route, and its final result or point on foot. So if an interviewer asks, "Why did you quit (or why are you leaving) your job?" and you are unemployed, state your reasons for leaving in a positive context: "I managed to survive two rounds of business, but the third round was a 20% reduction of the workforce, which included me." If you're employed, focus on what you want in your job: "After two years, I made the decision to look for a company focused on the team, where I can add to my experience." 6. Ask yourself: "Why do you want to work here?" the interviewer is listening to a response that indicates that you have thought about this and are not sending your resume because there is a vacancy. Carole Martin, Monster Contributor Get these questions and answers from popular. For example, "My immediate goal is to get a job in a growth-oriented company. This is a great way to show off yourself through «My boss has told me that I am the best designer he has had. If you answer «A Leon», you will be seen as aggressive. Under personal qualities and conceived in professional features: «It is always working on improving my communication skills to be an effective presenter. Handle it by minimizing its weakness and emphasizing its strengths. It's time to take out your old performance assessments and your boss appointments to answer the question, «When are the three positive things that your last boss would say about you? »Do not be alarmed if they make you Strange questions in the interview. I hope to reach a position of responsibility. »5. This allows me to use my knowledge and break down the information to be easier to use.» at 8. In what range normally pay someone With my background? »Ten. What salary are you looking for? «What are your weaknesses? »is one of the most popular questions that interviewers make. I'm sure it would be a great addition to your team." 3. Monster has you covered you. When they ask you: «What are your goals? »Sometimes it is better to talk about short-term and intermediate goals instead of locking yourself in the distant future. Study this list of questions and answers from popular and frequent interviews ahead of time for you to be ready to answer them with confidence. The interviewer who asks: «When were you more satisfied with your work? »He wants to know what motivates you.
